## Travelens

A Travel Photography Exhibition by Suresh Sharma

Being a Post-Graduate in Life Sciences, and being amidst microscopes and herbaria during college, it was quite natural for me to develop a passion towards photography. Like any professional, working for a tech company and in a sales role, my frequent travels across Europe, United States and vacations in India has resulted in this collection and first solo photography exhibition titled 'Travelens'.

I am Suresh Sharma, an amateur photographer from the city of Bengaluru, India. My interests in photography are nature, landscapes, flora, abstract, cities, historical places, candid, street photography and basically anything that looks creative which leaves an impression in the minds of the viewers.

Some of my work has been accepted by Natgeo Traveler Photography Contest and displayed in salons like Youth Photographic Society (YPS).

I hope that each image helps you to connect with the nature meaningfully.

*The real  
voyage of  
discovery  
consists not  
in seeking  
new  
landscapes,  
but having  
new eyes*
